

William G. Farquhar, U.S. Navy, Of Sidney, Commended For Duty On Submarine of Pacific Fleet

William F. Farquhar, son of Mr. and Mrs. Frank Farquhar of Sidney, was recently commended for duty with the United States Submarine Fleet of the Pacific by R. H. English, Rear Admiral, U.S. Navy, for performance of duty which was an important and material contribution to the success of the submarine, Plunger, on a forty-nine day patrol in the Pacific Ocean.

The commendation received by Farquhar follows:

Care of Fleet Post Office,
San Francisco, California.
From: Commander Submarines,
Pacific Fleet
To: William G. Farquhar,
U.S. Navy
Via: Commanding Officer,
U.S.S. Plunger
Subject: Commendation.

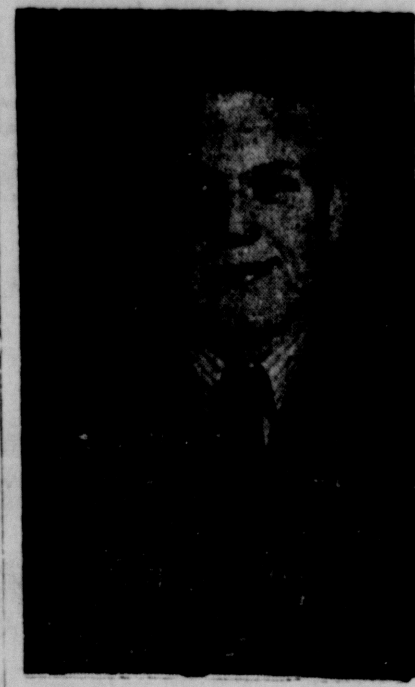

1. On the second war patrol conducted by the U.S.S. Plunger, that vessel is credited with having attacked and sunk two enemy vessels of a total tonnage of 18,900 tons and severely damaged two enemy supply vessels of a total of 10,000 tons. The Plunger spent forty-nine days on patrol of which a considerable portion was spent in enemy controlled waters or engaged in a major naval combat zone. All attacks were aggressive and tenaciously completed even to high speed pursuit during total darkness. The conduct of this patrol has set an example of aggressiveness, skill, tenacity, and success which may well be emulated by other submarine personnel.

2. As Chief Commissary Steward of the U.S.S. Plunger your performance of duty was an important and material contribution to the success of this mission. The Commander Submarines, Pacific Fleet, is pleased to commend you on your splendid performance of duty.

3. A copy of this commendation will be made a part of your official record.

R. H. English,
Rear Admiral, U.S. Navy

Home On Furlough

Garland Bear, son of Mr. and Mrs. A. D. Bear of Comanche, and who is now in the United States Navy, has returned to his home base at Maston, Massachusetts, after visiting his parents here last week.

Bear is a radio operator. He is a 1940 graduate of Comanche High School, and a former Indian grid star.

MR. AND MRS. BEN EVRIDGE ANNOUNCE BIRTH OF SON

Mr. and Mrs. Ben Evridge announce the birth of a son, Thomas Wade, at their home Sunday afternoon at 6:45. The young man weighed eight pounds.

Both Mrs. Evridge and baby are reported to be doing nicely.

Red Cross School Indians Meet Eastland Mavericks Of Dressings To Here Tonight In District Grid Game Open Here Oct. 20

(By Red Cross Reporter)

The American Red Cross has been asked to prepare its chapters immediately for the production during the next sixteen months of very large quantities of surgical dressings. Practice material was received in Comanche this week for use in training workers to make these surgical dressings.

The local station will be on the third floor of the court house, where a large room has been provided that meets the sanitary requirements.

All women working in the room will be required to meet rules of the War Department. Only cotton wash dresses will be permitted for attire while working in the room, some kind of head covering must be worn and no nail polish will be permitted. Everyone must enter the wash room and pass examination before starting to work in the room.

Each prospective worker must attend a fifteen hour school of instruction before she is eligible to work in the station. The schools must be taught in classes of twenty members. It is hoped that enough workers will volunteer to fill several classes. The instructors plan to start two separate day classes, the first beginning on Tuesday, Oct. 20th and meeting again on Oct. 20th; the second class beginning on Wednesday, Oct. 21st and meeting again on Friday. These afternoon classes will hold from 2 p.m. to 5 p.m. Under this plan only five afternoons will be required to complete the course of study.

There will also be held a school on Tuesday and Thursday nights, beginning Tuesday night, Oct. 20, holding from 7:30 to 10:00 for those who cannot attend an afternoon class.

Please call Mrs. Porter Franks or Mrs. Armstrong Cox and register for the class you prefer.

Now At Great Lakes

Jackie Laughlin, who is in the United States Navy, and is stationed at the Great Lakes Training Station, is spending a short furlough in Comanche with his mother, Mrs. Ruth Laughlin.

He has been in the service for three months, and was working with an oil company at Orange at the time he signed up.

Laughlin, a 1940 Comanche High School graduate, was a guard on Indian grid teams.

Draft Rules For Induction Into Army Explained

Some married men will be inducted into the Army next month from Comanche County and these will be married men without children.

For determining when a man shall be called into service, the registrants have been divided into four categories. They are as follows:

1. First Category: Single men without dependents. All physically fit men of this class have been exhausted in Comanche County.

2. Second Category: Single men with dependents other than children. Of the physically fit of this class have been taken and the remainder will be taken in October.

3. Third Category: Married men with wife only. These are divided into two groups. (A) Those not engaged in essential industries to aid the war effort. (B) Those engaged in essential industries to aid the war effort. Some of those in 3-A will be called in November. When all the physically fit of 3-A are taken then those next to be drafted will be those of 3-B. This means that those engaged in essential industries such as farming and stock raising will not be taken until other married men with wives only who are not engaged in essential industries are taken; but these married men even though farming or stock raising if the y have no children will be taken before married men with children even though they are not engaged in essential industries.

4. Fourth Category: Married men with children. These men will not be taken ahead of the married men without children.

So far those in Category 4 are not classified as to the number of children and the Government so far has not indicated that a man with one child will be taken ahead of a man with two or more children although such an order may be issued later.

If 18 and 19 year old youths should be drafted, it would not likely delay the drafting of married men more than two or three months.

When the 18 and 19 year old youths were registered in this county on last June 30, the total was 388. Of this number 63 have since volunteered and are now in the service and 28 others have become 20 years of age and have been inducted into service. This leaves only 297 now subject to draft. Of course a few others have become 18 since the registration last June.

A child born more than nine months after December 8, 1941, is not considered a dependent in determining whether or not a man should be called to war.

MR. AND MRS. R. G. JONES
PARENTS OF DAUGHTER

Mr. and Mrs. R. G. Jones of Jacksboro, Texas, announce the birth of a baby girl, born Monday, Oct. 5 at 7:15 p.m. at the Jacksboro Clinic. The young lady has been given the name of Barbara Ann. She is the granddaughter of Mr. and Mrs. Fred Jones.

The Comanche High School Indians will meet the undefeated Eastland Mavericks tonight at 8 o'clock at the local ball park in the opening home District 12-A football game of the 1942 season.

Eastland holds non-conference wins over the Coleman Bluecats, and Olden, and has scored a 7-6 triumph over De Leon and a 13-0 win over Gorman in their only two conference games of the season.

The Indians have scored one-sided victories over the Mavericks ever since the Eastland club dropped in Class A ball from Class AA football three seasons ago; but the Mavericks are much stronger this season, and the Indians a weaker ball club; so tonight's contest will find Coach Swope's locals in the underdog role for the first time since the Indians first matched the Mavericks in 1940.

After being held to a 0-0 tie by Hamilton last week in the opening conference game, Coach Swope says that he plans to revise his starting lineup for the Indians, defending district champions.

Downing Man Is Shot By Neighbor

Charges have been filed in Justice Court at Comanche against Sol Pitts, about 65, of Downing, accusing him with assault with intent to murder Burt Lee, about 30, whom he shot in the leg Sunday night with a shotgun, tearing loose the muscle. Pitts was still in jail here Wednesday awaiting execution of bond which had been set at \$1000.

Pitts, who lives with his brother-in-law, Dan Peters, at the farm home, told the sheriff that Lee had come for a visit at the home Sunday night while Peters was visiting elsewhere and that a quarrel later started between Pitts and Lee and that Pitts shot Lee to keep him off him (Pitts). After seeing that Lee was wounded, Pitts hurried to Downing and told of the shooting.

Lee was taken to a Gorman hospital where an operation was performed Monday. His condition is said to be satisfactory.

According to Sheriff Wid Spivey he was called by telephone from Downing about 10 o'clock Sunday night, the message stating there had been a shooting in that vicinity. The sheriff said when he arrived at Downing he was directed to the Dan Peters farm home, 2 1/2 miles east where he found Burt Lee lying near the road where he had crawled several yards from the place of the shooting. Lee said he was unable to reach the road when he became too weak from the loss of blood.

Free City Maps
At CofC Office

Free maps of the City of Comanche can be had by those interested if they will call upon Miss Jennie Lou Dewitt, Chamber of Commerce secretary at her office.

These maps, the original of which was drawn by Karl Shock, show the new names and streets and are up to date. They already have been distributed in the business section and many compliments have been passed on them.

Mr. and Mrs. Earl Ray Evans spent Sunday in Fort Worth with Mr. and Mrs. Ralph Carnes.

LT. AND MRS. C. T. LUKER
ARE PARENTS OF SON

A son, Gary Don, was born in a Brownwood hospital Saturday, Oct. 9, to Lt. and Mrs. C. T. Luker. The young man weighed five pounds, nine and a half ounces.

The mother and son are now at the home of Lt. Luker's parents, Mr. and Mrs. Charles Floyd Luker at their ranch home near Proctor. Mrs. Luker is the former Miss Bobbie Isham.

Lt. Luker is stationed with the U. S. Army at Brownsville.

MR. AND MRS. MEYERS
ANNOUNCE BIRTH OF SON

Mr. and Mrs. Marshall Meyers announce the birth of a son, William Charles at a Gorman hospital Oct. 13. The young man weighed 6 1/2 pounds.

The mother and son are now at home at 113 Duncan St., and are doing well.

Registration For Rationing Of Gasoline Set For November 9; No Gas, If More Than One Spare

At Goodfellow Field

Toby Davis, son of Mr. and Mrs. Barney Davis of Comanche, and who is stationed with the ground crew at Goodfellow Field, San Angelo, visited his parents in Comanche over the week-end.

Davis, who volunteered for service a month ago, says that he plans to enter radio work with the Air Corps ground crew. He is a radio operator, having graduated from a special NYA Radio Technicians School.

He was a 1940 graduate of Comanche High School. Davis was a co-captain of the 1940 Comanche High School football team, and was an outstanding center with the Indians.

Deisher Hen Wins Tarleton Laying Contest

A White Leghorn hen belonging to Charlie Deisher, head of the schools at Energy, and a well known poultry raiser, won the high hen laying contest conducted by John Tarleton Agricultural College.

The hen, which laid 331 eggs in the 357 days that the contest ran was near the world's record. The world's record was set by a hen which laid 343 eggs during the 357 period.

Deisher received a check from John Tarleton for \$100 as the award for having the champion egg laying hen.

Deisher reports that he trapped the eggs of his champion hen for the next eight days, and got eight eggs; giving the hen a total of 339 eggs for the year.

The hen was well ahead of the world's egg laying record for the first nine months," says Deisher, "but had an off month in August, and thereby missed setting the world's record."

Deisher had the high laying pen for the month of August, and had three pens out of the first and high ten pens for five months out of the twelve month period.

Rationing of gasoline is growing nearer every day with the registration date set for November 9 according to the following from the Brownwood Bulletin which appeared under a Washington dateline:

Price Administrator Leon Henderson announces that owners of passenger vehicles will be limited to five tires.

At the same time Henderson announced that Nov. 9 would be registration day for nationwide gasoline rationing, except in those eastern states where rationing already is in effect.

Motorists in the present rationing area will be required, however, to file a tire inspection certificate with their local rationing boards by Nov. 22.

"While the nationwide rationing plan in general is similar to the plan now in effect in 17 eastern states," Henderson said, "it is meshed at every point with tire conservation, so that gasoline rationing in effect becomes mileage rationing."

Registration, which will begin on Nov. 9 in school houses throughout the nation, will be for the basic "A" coupon books, which provide for sufficient gasoline to drive an average of 2,280 miles a year—four gallons a week.

Officials said, however, that application for supplemental rations can be made at the same time if the motorists so desire.

Henderson said motorists would see how completely gasoline rationing has been integrated with tire conservation when they make out their application forms. The forms will consist of a mileage rationing application blank and a tire inspection report sheet.

Car owners will be required to list the serial numbers of all tires which they own and if more than five are listed for any one car the motorists will be denied gasoline ration books until they have sold the excess tires to the Federal government.

"Gasoline rationing now becomes an integral part of the machinery for keeping our essential rubber-borne transportation facilities running for the duration," Henderson said. "It is a vital part of the machinery because it will control the rate, at which we are going to wear out tires."

"If that rate is held to the absolute minimum we hope to be able to provide the tires and recaps needed to keep essential cars, trucks and buses rolling."

Gustine Schools To Re-Open Oct. 19

Worth Eargle, acting superintendent of the Gustine Schools, announces that the schools will reopen Monday, October 19, after recessing for two weeks for the harvest.

Mr. Eargle also asks that all patrons call at the First State Bank in Gustine Saturday morning to make application for rat poison.

D. Charles Clarke Urges Support Of Constitutional Amendment Of "Pay As You Go Policy" For Texas

(Submitted by D. Chas. Clarke)

At the next General Election (November 3rd) the people will vote upon several constitutional amendments. The most important amendment is House Joint Resolution No. 1. Briefly stated this resolution, if adopted, will authorize the Legislature to issue serial bonds to take up the deficit which has occurred in the General Fund, which deficit now amounts to approximately \$30,000,000. At the same time it provides that hereafter no legislative appropriations can be made unless the revenue is available from taxes already levied to pay the appropriations when due.

In other words, the purpose of the resolution is simply to pay off the present debt in the General Fund and then run the State on a cash basis.

If there is one thing absolutely certain it is the well established governmental principle that you will never have economy in State Government until the Legislature is required to face the undesirable task of levying taxes at the same time it accedes to public demand for appropriations and this amendment written into the constitutional should accomplish that purpose.

As the constitution now stands there may be several meetings of the Legislature and each year the Legislature may make very liberal appropriations far in excess of available revenue. By following this course those who are in the Legislature satisfy the group on the outside who want big appropriations and they do not antagonize the taxpaying element because they don't levy any taxes. But year by year they pile up a debt which ultimately the taxpayers must pay and this debt in Texas now amounts to more than \$30,000,000. There is no telling how much this deficit may increase during the next few years unless something is done to stop it. If this constitutional amendment is adopted it should stop this unsound system of handling State finances and we will be protected from accumulating another debt because if the Legislature passes an appropriation they must find the money to pay it.

This is a very important matter and in my opinion we should all be sure to vote for this on November 3rd.

Federal taxes will be high—most everyone will have to pay income tax. The State should cut out every non-essential expense and reduce appropriations.

20 Years Ago

From The Comanche Chief,
October 13, 1922.

It is freely predicted that E. B. Peddy, Republican candidate for the U. S. Senate will receive a large vote in Texas against Earle Mayfield, the Democratic nominee and former Ku Klux Klan Comanche has already ginned approximately 3500 bales of cotton, Gustine 2000, Hasse, Proctor, and De Leon 500 each, Sidney 600, and Sipe Springs 100, making the total in the county well over 3500.

The Comanche High School football team defeated Stephenville 40 to 0. Stephenville made only 3 first downs and completed but one pass. The place kicking of Mason of Comanche was a feature. The line-up for Comanche was: Moore, center; Boswell and Smith, guards; W. Boyd and Farmer, tackles; Henderson and Hamilton, ends; C. Boyd and Scurry, halves; Mason, full, and Marshall, quarter. Subs were Tate, Anson Boyd, C. Thomas, Maddox, Woodward, Mackey, Dillard, Clayton, Fuenstra.

The grand jury for next week will be: R. R. Harvey, J. W. Allgood, A. W. Palmer, J. E. Smith, R. R. Evans, J. F. Bolton, G. M. Scott, T. A. Ward, W. A. Payne, John W. Wyatt, J. C. Hooker, J. C. Williams, S. A. Brown, Tom Bean, Henry Durham, and H. M. Hanson.

The Mercer Gap School opened Monday with Mrs. D. S. Prude and Miss Crystal Daley as teachers. The trustees are G. C. McKinzie, S. A. Brown, and Tom Gore.

Are the so-called flappers to blame for the thin silk stockings, the extremely short skirts, the too pink cheeks, the too red lips, or the too black, or too thin, or too highly arched eyebrows? No. The Mr. Public is to blame. From the time of Eve down, most women have dressed to please the men.

Mrs. Love Lindsey of Bluffdale was married Sunday to Edwin Palmer of Gustine at the home of the bride's father, Mr. Naylor. Rev. Culpepper of Stephenville.

The Executive Committee of Young Men's Business League as finally appointed now consists of W. G. Dings, A. P. Cox, P. K. Mackey, George Kearney, B. W. Speed, G. W. Jessup, J. B. Chilton, Jr., J. R. Eanes, Walter Durham, C. Merwin, and E. E. Anthony.

One advantage of living in the East side of Comanche, says C. C. Hampton, is that there are no black ants that pester the housewives of other sections of the town and sometimes spoil the honey and syrup of the aristocrats of the West side.

Mr. Hampton, however, concedes that there are plenty of grass burrs in the East side of which the West side is comparatively free.

The scales, however, are tipped in favor of the East side, when it comes to growing flowers and vegetables says the Comanche attorney. For either flower gardens or vegetable gardens, the East Side is not surpassed anywhere in Texas.

Porter McCarroll, County Highway Maintenance Foreman, estimates that passenger traffic over highways in this county has decreased 40 to 45 percent since last December 7.

The crowd at the football game at Hamilton Friday night was only about one-third the size of the crowd that saw the game when Comanche last played there in 1940.

The attendance at the Texas-Oklahoma game Saturday at Dallas was only 20,000 as compared to 44,000 last year. Part of this decrease, however, was due to the fact that there is no State Fair this week.

Texas is the ranking cattle raising state by a wide margin.

Texas schools have been receiving \$12,000,000 per year from the gasoline tax which may be cut two-thirds next year. Some other means may be sought to raise school funds. Either that or salaries of teachers may be cut.

Texas highways have been receiving approximately \$24,000,000 per year from the gasoline tax. With this income cut two-thirds next year, practically all highway construction except for military roads will be stopped.

A news item from Camp Bowie says 400 common laborers are

wanted there at 50c per hour.

While enthusiasm is at low ebb at most football games this year, Hico almost carried away the town two weeks ago when the Hico team defeated Hamilton for the first time within 10 years. The score was 14 to 13.

Hico is laying for Comanche and expects to turn in her first win over the Indians in history when that team comes here for a game on the night of October 30.

Absentee voting for the General Election was scheduled to get underway here Wednesday. Except for five constitutional amendments, there is but little or no interest in the election and a light vote is expected.

There is, of course, no opposition to the Democratic nominees in Comanche County. It has been nearly 40 years since a Populist defeated a Democratic nominee in this county and for the last 10 years no candidates except the Democrats have appeared on the county ticket.

Very few people so far have given any serious consideration to the proposed amendments to the State Constitution. D. Charles Clarke has submitted a very interesting article pertaining to one of these.

Christmas cards and parcels for the boys in the armed services overseas should be mailed before November 1.

Traffic death rates have decreased to a marked extent on the highways, but not in San Antonio and in Houston. To date 31 persons have been killed in traffic accidents in San Antonio this year as compared to 26 up to the same date last year. In Houston 38 persons have been killed this year as compared to 34 last.

In Fort Worth and Dallas, however, the deaths from traffic accidents have decreased. Fourteen have been killed so far in Fort Worth this year as compared to 23 on the same date last year. In Dallas 18 have been killed this year and 23 on the corresponding date last year.

This war is bringing lots of hardships to some and prosperous times to others. Over in Brown County 255 farm owners 50 days ago were ordered to vacate their homes by October 1. This was due to the fact that the Government needed 120,000 more acres for the expansion of Camp Bowie.

Most of these farmers have

their cotton unpicked and their corn not gathered.

They have not been paid any money by the Government yet, nor do they know what price they eventually will be paid.

Many of these farmers have been unable to buy or rent other farms and some very substantial farmers are now living in tents on the vacant lots in and around Brownwood.

These Brown County farmers are not complaining. They are willing to do their part to help win the war even if it means giving up their homes.

Some of the farmers, however, are complaining because the men who have been appointed to appraise the land come from Washington and know little or nothing about local farm values.

We just mention this because there are good and bad points, economically speaking, for the town that secures an army camp or project.

Some people are criticizing Comanche for not "going after" an army camp or war project.

Comanche is willing and anxious to do her part in this war whether it is giving up land for an army camp, sending her men to battle, or making any other sacrifice. But those who are complaining for economic reasons because Comanche has not got a war project, should consider the plight of the Brown County farmers and also those in Coryell near Gatesville.

"The world goes up; The world goes round; But yesterday's sneers And yesterday's frowns Can never come over again."

We do not believe a person should criticize another who awaits his turn to be called into service. He is just as patriotic as the one who volunteers, hoping to get something in the army he likes. The selectee has to take anything the army may assign.

On the other hand no one likes a person who hunts up all the reasons he can to seek deferment.

Those who volunteer for the army are fine and so are the ones who go in through the draft board. One should be thought as much of as the other. It is the draft evader or he who tries to evade that is disliked.

Even Germany admits some good comes out of America. Otto

Dietrich, German press agent, commenting on Columbus Day Monday, said, "America has never contributed anything to the world's civilization since it was discovered October 12, 1492 but chewing gum and Coca-Cola."

We appreciate the following from the column written by Rufus Higgs in the Stephenville Empire-Tribune last week. Higgs and Clements get out one of the best papers in Texas and Mr. Higgs is a Past President of the Texas Press Association. We may not deserve the nice things that Mr. Higgs says about us and The Chief, but we love flattery enough to pass it on to our readers:

"This newspaper, like all others in the country, receives other papers on an exchange basis. Looking them over is one of the important duties as well as an undertaking that is pleasing to the average newspaper man. Some are more interesting than others, either by reason of personal acquaintance or the fact that some simply contain more news content. Over in Comanche, for instance, the Comanche Chief has in recent years developed into one of the very best of the numerous exchanges received here. J. C. Wilkerson has made that publication outstanding in a great many ways. The most interesting part of its publication, so far as we are personally concerned, is the editorial page. It is unique from every angle. Editor Wilkerson either has a wealth of human interest knowledge stored in his brain cells or he does a lot of reading."

There has been but little band playing when the boys leave for war during the present conflict. Most of the crowd that gathers around the courthouse to watch them leave are serious and determined.

Occasionally a mother is seen crying, but most of them laugh to keep back the tears and nearly all of them reflect in their faces the fact that they are proud of their sons.

The following article in last week's issue of The Lometa Reporter, entitled "So Long Son" by Howard Vincent O'Brien, paints a pretty fair picture of the average home from which one of the boys has just gone to war:

SO LONG SON—

There was no band, no ceremonial. It wasn't even dramatic. A car honked outside and he said: "Well, I guess that's for me." He picked up his bag, and his mother said: "You haven't forgotten your gloves?"

He kissed her and held out his hand to me. "Well, so long," he said. I took his hand but all I could say was, "Good luck."

The door slammed and that was that—another boy gone to war. I had advised waiting for the draft, waiting until at least he was old enough to register. He had smiled at that and assured me that his mind was made up. He wanted peace, he said. Without peace, what good was living? There was a finality in the way he said this—a finality at once grim and gentle. I said no more about waiting.

After the door closed behind him I went upstairs to what had been his room. It was in worse chaos than usual. Clothing was scattered about; dancing pumps, a tennis racket, his phonograph records, letters, invitations to

parties he would not attend.

I went then to my room. On the wall was a picture of a little boy, his toothless grin framed in curls—the same boy who had just taken my hand and said: "Well, so long." Not much time, I thought, between the making of that picture and the slamming of the front door.

Suddenly a queer thing happened. Objects came alive—whispered to me. The house was full of soft voices. They led me up to the attic—to a box of toy soldiers, a football helmet, a home-made guitar, class pictures, a stamp album, a penny bank with the lid pried off.

The voices led me on to a folder stuffed with papers, report cards, letters—among them the wall of an exasperated teacher: "Though he looks like an angel . . . a baptismal certificate, a ribbon won in a track meet, faded photographs, one taken on the memorable day of long pants."

I sat down and thought how time had flown. Why, it was only yesterday when I had held him in my arms! That, somehow, made me remember all the scoldings I

had given him, the preachments, the exhortation to a virtuous and wisdom. I did not myself possess.

I thought, too, of my last in-articulate "good luck," and wished that I had somehow been able to tell him how much I really loved him. Had he perhaps penetrated my brusque reserve? Had he guessed what was in my heart?

And then I thought: What fools we are with our children—always plotting what we shall make of them, always planning for a future that never comes, always intent on what they may be, never accepting what they are.

Well, curly-head—you're a man now. I hated to see you go, but I can not pretend I am not sad. I would not have halted you if I could. I am proud, too. So long, Son.

The Automotive Mechanic of Yesterday Is the VICTORY SERVICE MAN of Today

Help him to help you
"SAVE THE WHEELS THAT SERVE AMERICA"
by getting a skilled service check-up regularly

Take the word of millions:
MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE
than to any other dealer organization

Just how important the automotive mechanic's work is to the nation will be clear to all who consider the following facts*:

● Automobiles and trucks form the sole practicable means of transportation for war workers and war materials in many communities throughout America.

● In some sections, 78% to 100% of the workers drive by automobile to vital war plants.

● 2,314 U. S. cities, with a population of 12,524,000, depend on private cars for transportation;

The automotive mechanic—the trained Chevrolet Victory Service Man—is the lifeguard of America's millions of cars and trucks. Help him to help you and America by getting a skilled service check-up at regular intervals.

*All statements based on reports compiled by the Michigan State Highway Department and the Statistical Department of A. M. A.

54,000 communities depend entirely on motor vehicles.

● Six out of every ten farms use one car or more; 67% of farm car mileage is necessity driving.

● More than 65.2% of all war plants reporting in Michigan (a typical war production state) depend on trucks to haul their incoming and outgoing freight.

● Trucks haul nearly 100% of the milk supply of most large cities—and 58% of all livestock marketed in the U. S.

● Trucks are the sole transportation system serving our 54,000 communities not reached by railroads.

MORE PRECIOUS than ever before **RIGHT NOW!**

KEEP 'EM WORKING... FIX 'EM

YOUR ELECTRIC APPLIANCES...

are more precious now than ever before... because your appliances save your time, help protect the health of your family. This is especially important during war time when both time and energy are so much in demand.

See Your APPLIANCE Repair Shop

- DO THIS..**
- 1 Keep appliances clean.
 - 2 Keep them properly oiled.
 - 3 Do not allow appliances to get too hot... turn off current when not in use.
 - 4 Take good care of electric cords... do not allow them to knot... repair them when they show signs of breaking.
 - 5 Defrost your refrigerator often... this increases its efficiency.
 - 6 Release the pressure on the wringer of your washing machine when not in use, and prolong the life of the rubber rollers.
 - 7 Always keep extra fuses on hand and eliminate unnecessary delays in restoring service when a fuse blows out.

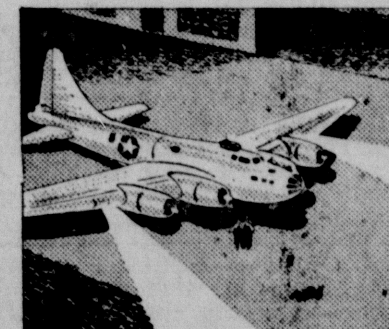

TODAY—Your Electric Appliances are now priceless possessions. For the duration they will be difficult or impossible to replace because men and factories are on war work. With proper care and use, however, they should serve you well until new ones are available. Your Electric Appliance Serviceman will give you every possible help to keep them operating with utmost efficiency. Keep your electric appliances working... and retain the full benefit of the time-saving, health-promoting, comfort-giving services they provide!

Wings of Victory

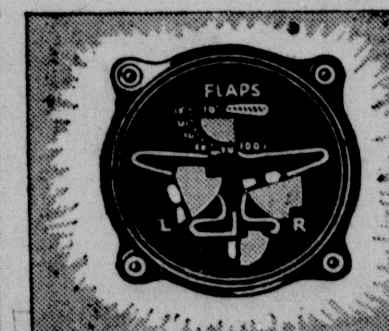

Electricity helps make America's war planes some of the world's most deadly weapons. Here are a few of the ways in which G-E equipment serves in the air.

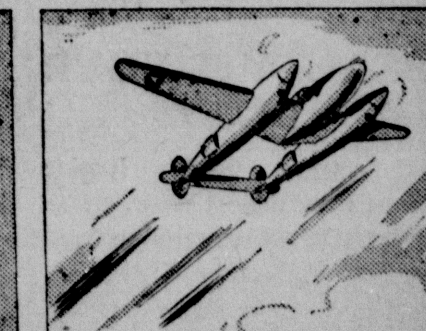

1. Lamps are the eyes of the plane at night, ranging in size from cockpit lamps no larger than a pea to landing lamps of more than half-a-million candlepower.

2. Radio combines the voice and the ears of the plane, allowing communication between the pilot and his squadron, and the ground and sea forces.

3. Instruments are the sensitive brain that relays messages to the pilot from all parts of the ship and helps him to control the plane in its flight.

4. Superchargers are the lungs of the plane, pumping extra oxygen to the carburetors, giving our planes the altitude so necessary to modern warfare.

Old Keys Needed For War Materials

The local American Legion Post has been requested to sponsor a drive to collect all the old and unused keys in Comanche County to be put to use in the war effort.

Regardless of the kind of key, whether for door, padlock, or whatever else, it contains valuable hard pressed metals that are very much in need in the war manufacturing industries.

Comanche County citizens have demonstrated their patriotism in many ways; one of the most outstanding occasions being the old phonograph record drive sponsored by the American Legion when possibly more than 4000 old records were donated.

The American Legion is again asking Comanche County patriots to go over the top in this collection of old keys. Convenient receptacles will soon be placed at various business places in Comanche in which the public may drop keys at any time, or they may be left at The Chief, where they will be turned over to Legion officials. Let's bring our old keys in at once.

(By Club Reporter)

The Beattie Home Demonstration Club met at the auditorium on the regular meeting day, third Wednesday in September, with a good attendance, and a very enjoyable afternoon for all.

It was voted to begin the all day meetings this winter, quilting for club members, or doing Red Cross work in the mornings of our third Wednesday Home Demonstration day. Covered dish dinner will be served at noon.

Let's have a full attendance next 3rd Wednesday, Oct. 21 at the auditorium. Instead of drawing Sunshine Friends, we're going to draw a name from the list of our 42 Soldier Boys of our community to help bring cheer to them while they are away. Be sure to let us draw for you, if impossible to be present.

GARDEN CLUB MEETING IS HELD THURSDAY

The Comanche Garden Club met Thursday afternoon at the Comanche Methodist Church.

Hostesses for this meeting were Mrs. D. C. Clarke, Ira Clemons, E. D. Cox, Travis Cunningham, Geo. Clarke, E. H. Denny. Thirty guests were present.

Mrs. C. R. M. Dudley gave a most interesting talk on "Old Texas Gardens" and Mrs. Vasco Lee spoke on "Material for Winter Bouquets."

Mrs. Tom Dudley and Mrs. J. D. Waring attended a garden club convention in Dallas last week. Mrs. Dudley told the club of the highlights of the meeting which were primarily to conserve and to cooperate with the war work.

Mrs. Arden Lewis, accompanied by Mrs. Ruby Rudd, treated the club to two vocal selections, "The Hills of Home" and "Thank God For A Garden."

The church was cleverly decorated by Mrs. R. H. Dalton with orange marigolds against a Halloween background of a black fence, black cat, and a hob-goblin.

During the social half hour the hostesses served coffee and cake with the Halloween theme carried out in the refreshments.

Mrs. E. G. Wells attended the Central Methodist Church homecoming at Brownwood Sunday. Services were held to celebrate paying off the last of the church debt.

Do You Call That Sacrifice?

(Submitted by C. P. St. Clair)

We clip the following from a feature article in a recent issue of The Star-Telegram by Jeff D. Ray, a noted Texas Baptist, now more than 80 years old, but active and full of life and vigor.

We quote—

If I had been practicing economy all these years it would have been good for me and my family. But did you speak of sacrificing by investing in United States Bonds? Again I say, what sacrifice? I save a little money and invest it in the safest commodity in America and draw from it a reasonable semiannual dividend. Shall I point to that good business transaction and piously preen my feathers on having made a sacrifice for my country? True I bought the bonds as a matter of patriotism but I made no sacrifice of my money. I simply made a good investment. Certainly I should have bought those bonds and to be sure, except for patriotic reasons, I would not have bought them. I can not see how any man who calls himself a patriotic American could fail to have an urge to buy bonds.

FSA Ready To Open Loan Season

All low income farmers and ranchers who need financial aid to carry out their 1943 activities are encouraged to investigate the Farm Security Administration Loan Program. County Supervisor Roy J. Peace, announces that his office is now ready to begin issuing application forms for 1943 loans. These blank application forms may be secured at the FSA office in the Masonic Building, south side of square, in Comanche.

Farmers and ranchers who can expand their dairy and beef herds and poultry flocks, raise more hogs, larger gardens and other food producing crops are eligible for these loans, provided they cannot get adequate loans at a reasonable rate of interest from other sources.

Mr. Peace advises that a meeting will be held on the second and fourth Saturday morning in each month for the purpose of explaining in detail the FSA Program to

We wish to thank our many friends and neighbors for their comforting words and sympathy during the illness and death of our beloved husband and uncle, for the beautiful floral offering and the delicious food brought in.

We wish to thank Mr. Porter Franks for his comforting words and other courtesies; the ministers for their consoling words and prayers and the singers also for their beautiful songs.

And now especially we want to thank "our boys" who night after night nursed him so tenderly. It was through their kindness and consideration that I was able to stand those dark hours. And may God bless each and everyone.—Mrs. J. N. Burns, Mr. and Mrs. H. M. O'Brien and Monselle.

Notice To Peanut Farmers

The time has come for action. The committee of farmers elected at your recent meeting in Gorman has come to the conclusion that further negotiations with the Southwest Peanut Growers Association is futile. We have heretofore determined to issue the following notice and we request each and every farmer to bend every effort to cooperate with us to the fullest extent.

Your committee has come to the conclusion that a showdown is necessary. They have met on three occasions with the Southwest Peanut Growers Association with a view to getting a greater amount for your excess acreage. Those who were present on the first meeting which was held in the theatre at Gorman will recall that the questions discussed, among others, were the prices which the farmer was compelled to expend in order to raise peanuts. Our spokesman mentioned at the time that it would cost a minimum of 75c per bushel to plant, grow, harvest and market your peanuts. Since this time we have found it will probably cost us 1.00 per bushel or more. This is due to the rising cost of labor, the increase in the cost of machinery repair, such as tractors, threshers etc. plus the rising costs of sacks and other essentials necessary to the marketing of our peanuts. Your committee has gone carefully into this and are fortified with sufficient facts to support every statement we make in this announcement.

The outlook for the farmer at this time is not bright. But it isn't hopeless by any means. We have a remedy! That remedy is to form another association in this locality, another in South Texas, another in Oklahoma, another in Southeast Texas. Still another in every peanut producing state West of the Mississippi river.

We expect to have another peanut growers association in Comanche County and one which will recognize the fact that it costs just as much to raise excess peanuts as it does "quota" peanuts. The farmer has his machinery depreciation, his sacks, his wire, his labor and his marketing expense. It all adds up to the total above referred to, or more. Yet, today, the farmer will be lucky if he gets 80c per bushel for his "excess" peanuts!

Your committee doesn't doubt that when this statement is published that the Southwest Peanut Growers Association will bend every effort to pour soothing syrup on the farmer's sore back. But be not deceived. They will attempt to give you a shot in the arm in the hope that you will be lulled to sleep. A subsidy is the proposed "shot."

We cannot accept! They have held out to us too many promises for us to longer have trust in anything they say. We demand results—not promises.

The Association has evidently forgotten the fact that the law which gave it birth had for its purpose the betterment of the farmer. Too long the farmer has played a hit and miss game. This law was conceived to change that. It will change it if properly administered. But apparently those in charge are unable to visualize this; they seem to have adopted the attitude that they have a right to control the farmer instead of the farmer controlling his own organization.

Your committee demands:

(a) A change in the personnel of the Southwest Peanut Growers Association.

(b) An accounting showing their debts, their salaries, the names of their employees and the salaries to each, together with the expense account allowed each employee.

Your farmers committee is calling for an accounting because of

these facts. If the association is in debt it is either for a good cause or because of mismanagement. In either event the farmers who are members of the association have a right to know the truth with reference to this.

Your committee is calling a meeting of the peanut producers of this area to be held at De Leon, Texas on the 3rd Saturday in October, same being the 17th day of the month to discuss the matters above referred to. Be sure and be on hand in De Leon at 8:30 o'clock p.m. If the weather isn't favorable we have permission of the City Council of De Leon to use the City Auditorium which has a seating capacity of 1,500 people, and a standing capacity of many more.

Remember! The marketing act was passed for your good. But you must fight for your rights. That is what your committee intends to do; but we must have your support.

Come to De Leon. We will lay the ground work for the salvation

HOFFMAN'S ATTEND ABILENE MARKET CONVENTION

Mr. and Mrs. Sol Hoffman and Gary, accompanied by Mr. and Mrs. M. Hoffman of Dublin, attended a West Texas market convention held at the Hilton Hotel in Abilene last Sunday, October 11th. Mr. Hoffman reports that wholesalers stocks of goods are slowly dwindling away; however, he found complete assortments of holiday items at the convention, with the trend running especially toward gift items approved by the army for men in service.

THE STATE OF TEXAS

To: Ray Jones, G. C. Morris, and C. F. Morris Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Comanche County at the Court House thereof, in Comanche, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty two days from the date of the issuance of this citation, same being the 2 day of November A. D. 1942, then and there to answer Plaintiff's Petition filed in said Court, on the 19th day of September A. D. 1942, in this cause, numbered 8676 on the docket of said court and styled C. W. Morris Plaintiff, vs. G. C. Morris, et al Defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff represents that he was lawfully seized and possessed of lots Nos. 1 and 2 in Blk. 30 and lots No. 4 in Blk. 30 and the South 1/2 of lot No. 8 in Blk. 25 in the town of De Leon, State of Texas;

And on said date the defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof, to his damage in the sum of \$2000.00;

That the reasonable annual rental value of said land and premises is \$600.00;

And plaintiff further represents to the Court in the alternative that he and the defendants aforesaid are the sole owners of said land and premises hereinbefore described; that plaintiff is owner of a 1/6 undivided interest; that the defendant Ray Jones has a \$1.00 interest in said property under the terms of the will of P. A. Morris, deceased, and that C. C. Morris, if he has any interest whatsoever in said land and premises, has a life interest in all of the above described property;

That plaintiff and defendants are the sole owners of said land, which is of the estimated value of \$7000.00.

Wherefore, plaintiff prays that defendants be cited to appear and answer; that said land be adjudged incapable of partition, being city property; that a receiver be appointed to sell said property and divide the proceeds thereof in accordance with the statement hereinbefore set out, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Comanche, Texas, this the 19 day of September A. D. 1942.

Attest:
HUGH WHITE, Clerk,
District Court, Comanche County, Texas.

To: Nettie Buckler Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Comanche County at the Court House thereof, in Comanche, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty two days from the date of the issuance of this citation, same being the 2nd day of November A. D. 1942, then and there to answer Plaintiff's Petition filed in said Court, on the 9th day of September A. D. 1942, in this cause, numbered 8672 on the docket of said court and styled R. L. Buckler Plaintiff, vs. Nettie Buckler Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff and defendant were married on or about the 9th day of August, 1941, separated in April 1942; Plaintiff was kind and affectionate toward defendant during the time they lived together, but the defendant soon began a course of harsh and tyrannical treatment toward plaintiff which continued until their separation. Plaintiff says no children were born to their marriage and none contemplated and no community property belonging to plaintiff and defendant. Plaintiff prays for judgment dissolving bonds of matrimony for costs of suit and general relief, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Comanche, Texas, this the 19th day of September A. D. 1942.

Hamilton And Indians Battle To 0-0 Deadlock

COMANCHE	Score	HAMILTON

2 for 20 Yds.		6 for 30 Yds.

The Comanche Indians and the Hamilton Bulldogs played to a scoreless tie Friday night at Hamilton, in a ragged football game that opened the District 12-A conference play for the Indians. The Bulldogs were making their second start in district play, having dropped the season opener to the Hico Tigers a week earlier 14-13.

Headed by Eoff, big 200 pounder at fullback, the Indians had easy going in midfield and piled up a big advantage in the statistical columns, but the Bulldogs tightened down near their own goal line; and the locals were never able to advance farther than the Hamilton eleven yard marker.

Frequent pass interceptions by the fast Hamilton backs nearly turned the tide for the Bulldogs, who were seeking to break Comanche's consecutive winning over Hamilton at seven. Thompson and Roberts shared the spotlight on pass interceptions with two each; and came close to going all the way for Bulldog scores on each occasion. Thompson intercepted a pass late in the fourth quarter, and raced to the Indian nineteen yard marker, for the Bulldogs most serious scoring threat of the night.

The Bulldogs failed to make a yard in four attempts, and the Indians took over from this point. Eoff made twenty yards in two times at carrying the ball; and then heaved a long, forty yard pass to Stark, Indian third string end, who made a nice catch of the ball. The big Indian fullback next picked up ten yards through the middle, to give the Indians the ball on the Hamilton eleven yard marker, and a first down.

Cox faded back to throw a pass, but couldn't find an open receiver, and ran around right end but was stopped for no gain as the game ended.

Gene Carter, 160 pound guard of the Indians, turned in one of the best games of his career as he sparked Comanche's defensive play. Pipes, 160 pound left guard, also played well, both defensively and offensively for the Indians.

Co-Captain Eoff, who picked up 146 yards while running with the ball, was practically Comanche's only offense. The big Indian fullback had an average of slightly over six yards per carry for his night's work.

The Indian line held Hamilton to a net gain of only twenty yards. Hamilton was unable to register a first down in the first, second, or fourth quarters; and made three first downs in the third quarter.

Indian starters were: McNutt and Dixon at ends, Luper and Scott at tackles, Carter and Pipes at guards; Gates at center; Co-Capt. Waggoner, Co-Capt. Eoff, Cox, and Jackson as backs.

Hamilton starters: Slade and Yates at ends; Burris and Adams at tackles; Burns and Massie; Gil at guards; Schneider at center; Thompson, Arbuckle, Roberts, and Carlton as backs.

That Nagging Backache

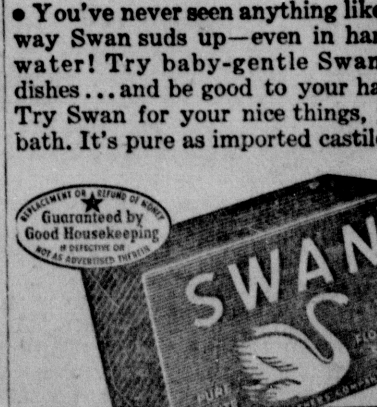

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Come To Church Sunday

PRESBYTERIAN CHURCH

10:00 a.m. Sunday School.
11:00 a.m. Morning Worship and Sermon.
8:00 p.m. Evening Sermon.
Wednesday, 8 p.m., Mid-Week Prayer Meeting.
Philippians 3:8-13—

The things which mean seek—wealth, position, honor, power, knowledge—all these belonged to Paul. Then, one day on the Damascus road, he saw Christ, and everything was changed. His interests, his emphasis, his vision all were centered on the living Christ. Other things seemed insignificant in comparison to the wonder of following his Lord. Then, in crowded market places and over barren desert, through danger and persecution, he preached the message of a risen Saviour. To know Christ, the power of His resurrection, the fellowship of His suffering, this too must be our goal if we would find life's greatest joy and glory. Attend Church Sunday!
A welcome awaits you!

W.S.C.S. HOLDS MEETING

The W.S.C.S. met Monday, Oct. 12 in the home of Mrs. Paul Jeanes. Mrs. Mallard was leader for the evening, the subject being "Christian Leadership in Latin America." As a background for the program Mrs. Mallard played "La Galondrina" and Mrs. Wayne Johnson sang "Juanita." Both numbers were well given and appreciated by all.

Mrs. Williams gave a talk on the Christian work in Mexico and Mrs. Jenkins gave an interesting report on Editor work in Brazil. The president presided over a short business session. The officers for the new year were elected with the exception of a few places. Our next meeting will be at the church. We begin our study in Latin America. Let every woman of the church attend these meetings.

There were 21 present at this meeting. We had an interesting program. Rosebud gifts were exchanged and a delicious dessert was enjoyed by all.

GUSTINE-LAMKIN CHARGE

Our fourth Quarterly Conference was well attended from all points on the work and the Stewards and officers of the church made a splendid report. Dr. Williams preached a splendid sermon. Our Missionary women with the help of others have redecorated the parsonage. We have a fine group of people to work with. Lord bless them all.

Services for Sunday, Oct. 18: Church School at all points on the work. Come and do your part and you will be blessed.

Preaching at Gustine, 11 a.m. Preaching at Energy, 2:30 p.m. Evening Service at Gustine. Young People's Program, 7:45. Preaching at 8:15.
Just two more Sundays at Gustine and Energy, and one at Lamkin before Annual Conference. Let's make them 100 per cent.

Plans Given For County Wide Rat Poisoning Night

By County Agent Calvin Holcomb

Don't forget the banquet for rats to be held all over Comanche County Wednesday night, October 21. Here are some questions that you might have in your mind that you would like to know about.

1. You have to sign an application for the poison and at the same time submit your money.
2. You can get these applications from the County Agent, Comanche; Golden Oak Milling Co., De Leon; any School Superintendent; and all Victory Leaders.
3. All the applications with the money has to be in at the above places not later than Saturday, October 17. That is the deadline.
4. When you sign your application, be sure to designate the place you want to get your poison.
5. Then be sure to come to that place Wednesday afternoon, October 21, to get your poison. It will be there.
6. The poison is Barium Carbonate. It will be mixed with three different baits—vegetables and fruits, ground meat, and fish.
7. This is poison to cats and dogs and chickens, so, tie your cats and dogs and keep chickens up. However, this poison should be put out after the chickens go to roost and taken up before they get off the roosts, if you do not have a way to keep them up.
8. If rats die around the place and something eats them, it will not hurt whatever eats them.
9. Directions on how to use these baits will be with the poison.
10. So, on the night of October 21, let's have a banquet for the rats all over the county.

Gasoline Rationing Panel Appointed

According to County Judge H. H. Lockridge, the Comanche County Civilian Defense Council met in Comanche Tuesday of this week at the request of the Office of Price Administration and recommended the following citizens to serve on the Gasoline Rationing Panel which consists of five members:

E. J. Pittman, De Leon, chairman; J. I. Starr, Comanche; Horace Applewhite, Gustine; J. W. Whitesides, Sidney; W. J. Fritts, Van Dyke.

CENTRAL CHURCH
This Sunday, October 18th, we will have our regular Bible School and Communion, but no preaching as we are "lending" our pastor to a church near Houston for next week.

Since the First Christian Church in Brownwood is host to our District Convention, Friday, October 16th, from 9:30 a.m. to 7:30 p.m., this church should be well represented. A fifty cent turkey dinner will be served at six o'clock, and we will be dismissed no later than 7:30.

—C. C. Klingman, Pastor.

All Farm Trucks, Trailers, Cabs, Buses, and Other Like Vehicles Must Be Registered October 22-24

Under a recent program announced by the Office of Defense Transportation, all farm trucks, trailers, buses, taxicabs, and similar commercial vehicles must be registered for "Certificates of War Necessity" October 22 to 24 inclusive. Applications blanks for these certificates are being mailed by the Office of Defense Transportation direct to each truck and commercial vehicle owner. There will be three places in Comanche for filling out these certificates between October 22 and October 24: Comanche, at the County Court room; De Leon, at the City Hall; Gustine, at the First State Bank. Some of the committeemen will be at each place to help vehicle owners fill out applications for certificates.

The County Farm Transportation Committee appointed for this county by the County War Board is as follows: O. D. Johnson, chairman; N. W. Pounds, R. E. Seay, W. J. Fritts, and Paul Neal. Alternates are: E. M. Foote, W. M. Lee, C. M. Albin, and Sam B. Todd.

Any vehicle which does not have a "Certificate of War Necessity" can obtain gasoline, tires, tubes, or parts.

Service Drug Gets Good Response On National Brands Sale

Last week we advertised and observed National Brands Week, featuring many of the well known brands known throughout the U.S. and handled by this store. The response was more than satisfactory and we appreciate the good trade on these lines given us by the people of Comanche and the surrounding territory.

When you buy a nationally advertised brand of merchandise you may know you are getting quality, for the manufacturer would not risk his reputation by offering inferior products which would defeat the very purpose of his advertising.

Remember that we are here to serve our customers and we believe they deserve the best.

Letter To Farmers Announcing Opening Livestock Health Dept.

Dear Mr. Farmer:

A little while ago, you may recall, you very kindly filled out for us a questionnaire in connection with the Animal Health Department which we told you we were planning to open.

We were able to make good use of the information you gave us and are happy to let you know that the department is now open and ready for your critical inspection.

Now you come in soon—and look over our complete stock of animal and poultry remedies, instruments, and other paraphernalia. We want you to see the refrigerator in which perishable items are kept fresh, the collection of agricultural department bulletins, the library of veterinary information. Most important of all, we'd like you personally to check our stocks and other equipment so that you can let us know if anything is missing which you might need. Obviously, our new Animal Health Department can be of adequate service to you only if it contains everything you need.

We'll be awaiting your first visit with real anticipation. Can you make it soon?

Sincerely yours,

In Memory Of Uncle Joe Burns

(By Rev. J. L. Woolsey)

Uncle Joe N. Burns passed away at his home in the Sweetwater community Oct. 7th, 1942. Interment was in the Concord Cemetery Oct. 8. Funeral services were conducted by Rev. J. L. Woolsey and Bro. Bill Glasgow.

Uncle Joe was born May 29, 1861 in Colbert County, Ala.; was married to Miss Katie Gole on Nov. 17, 1889. Three years later (1892) he moved with his bride to Comanche County. In 1896 he moved to the Sweetwater community and lived there until his death.

He was converted in a meet held by the late J. E. Milton at Sweetwater some years ago. Uncle Joe was loved by all who knew him and leaves a loving wife (Aunt Katie) and a host of friends to mourn his death.

C of C Donates Bulls To Ass'n

The Comanche Chamber of Commerce donated two bulls at its meeting Tuesday night to the Comanche County Jersey Breeders Association. These registered bulls were bought by the Chamber of Commerce several years ago and have been loaned to the dairymen of this section since that time.

The bulls will be sold and the money will be used as part payment for new registered 4-star Jersey bulls, according to E. C. Seay of Sidney, president of the Jersey Breeders Association, who attended the meeting here Tuesday night.

WHITE POINT CLUB NEWS

Mrs. Charlie Allen was hostess to the White Point Club on Oct. 14 for an all day outing on Mercer Creek. Fishing and the noon day meal served picnic style were the main features of the enjoyable day. Twenty-five members and guests were present.

Both mother and baby are doing nicely at the home of her parents, Mr. and Mrs. M. T. Shoemaker.

MR. AND MRS. KIRKLAND
